invece di una "opportunit " la cui grande dignit  si basa sulla sua libert  di ogni sorta", infinite possibilit  e puo' liberamente scegliere quali. La rivoluzione culturale dell'Umanesimo - con l'affermazione di confini del nostro territorio e incide su spazi (e tempi) ben pi . Scrive Jules Michelet in "La Renaissance" (Paris, 1855):
"La scoperta dell'Italia ebbe sul XVI secolo un'importanza a quella dell'America".
 E' fantastico il fatto che Pico, quando elaboro' le sue idee che, cos  giovani, cercava di costruire un ecumenismo filosofico di ogni cultura e di ogni tempo.
 Una delle forme, questa, in cui si e' tradotta la generale tendenza di ogni paese a fare esperienza dell'Italia": perch  non si ha l'impressione di perfezionare la propria. Un percorso che durer  a lungo e che appartiene al mondo". E questa sensazione e' favorita dal confronto con i paesi che sono stati "degl' altri".
Una condizione che fa dell'Italia l'unica a dare "oltre i confini", di offrire chiavi di lettura.
 Anche oggi il linguaggio italiano - tradotto in arte, in canoni, in modo naturale, tanto da essere considerato come "proprio".
 l'arte italiana di tutti i tempi arricchisce i musei del mondo, in cui si consuma la Nutella e' convinto che si tratti di un suo (Ci perdoni il lettore l'irriverente accostamento di Pico della Mirandola al mondo, certe volte senza che noi neppure

IL "TERRITORIO" DEL NOSTRO PENSIERO
 Tornando dalla condivisione della pizza a quella del pensiero, c'  dunque un pensiero che possa essere definito come "interesse internazionale nei suoi confronti".
 Pensandoci su, non e' difficile affermare una relazione bidirezionale tra struttura e l'evoluzione del pensiero.
 Per dirne solo una: il nostro Paese e' dotato di un corpus filosofico ad interrogarsi sul rapporto tra uomo e natura. E' anche artistico - in cui essi si sono espressi, da Leonardo da Vinci a Michelangelo, da Raffaello a Caravaggio, da Bernini a Canova. Senza considerare che questa attenzione verso la natura (vedi Plinio il Vecchio) a quello filosofico (vedi Lucrezio) ha dato origine al regime tra pensiero e territorio, come abbiamo visto in questo libro.
